

Take Control of
your Computer!

Newcomers
Welcome!

NOTRE DAME LINUX USER GROUP

A computer club all about open source software
and the open source operating system Linux

ABOUT US

- **Our Mission:**
 - 1) **Teach** others how to **control** and **customize** their computers
 - 2) **Share** our software projects and achievements
 - 3) **Help** each other by collaborating in software design
- **Meetings:** every **Tuesday 6pm** 356 Fitzpatrick Hall
- **Email:** ndlug@nd.edu
- **Website:** ndlug.org
- **Slack:** **#lug** on nd-cse.slack.com

REASONS TO JOIN

Collaborate with your peers to create cool open source software

Customize your computer and make it your own

Learn and improve your programming skills

Boost your resume by completing projects and participating in hackathons

UPCOMING ACTIVITIES

TUESDAY
Sept 10

INTERNSHIP PANEL

Listen in as upperclassmen discuss their internships in preparation for the upcoming Career Fair (Sept 17th).

TUESDAY
Sept 24

INTRO TO LINUX

First time hearing about Linux? Come learn about the namesake of the club and how to dive into the world of Linux.

SATURDAY
TBD

★★★ INSTALLFEST ★★★

The biggest event of the club! Come join us as we guide you through installing Linux on your laptop.

OCTOBER

FIRST STEPS IN LINUX

In this follow-up to the Installfest, we'll show you how to begin setting up and customizing your new Linux installation.

LATE
OCTOBER

NDLUG HACKATHON

Ready to test your programming chops? Join us for a fun mini-hackathon in preparation for Irish Hacks!

TBD

3D PRINTING WITH BLENDER

Want to make more than just software? Join us as we create 3D-printed models using the open source software Blender!
